Subject : Task Order No. 2
Contract No. RD-85

Gentlemen:

It has been brought to our attention that an error exists in the Schedule which is made a part of the subject Task Order.

We feel that it is more desirable to substitute Schedule A rather than write an amendment. Therefore, we are enclosing herewith an original and two copies of a corrected Schedule which shows "70 cubic inches" instead of "35 cubic inches" in the sentence in Paragraph 1(b) which originally read "the cubic volume of the equipment shall not exceed that of the combined volume of the transmitter and receiver (only) or approximately 35 cubic inches."

Please substitute the enclosed Schedule for the Schedule originally forwarded to you. It is understood that upon receipt of this revised Schedule that you will then be in a position to execute and return the original and two copies of the subject Task Order. Please return also the obsolete copies of the Schedule.

Very truly yours,

25X1
